

MOTION BANDITS

Digital catalogue

The driving concept behind Motion Bandits is to present skateboarding and its counter-culture aesthetic in a concise gallery exhibition that aims to benefit one of South Africa's biggest charity institutions, Ladles of Love.

This project was born from the enthusiastic community who met at @citybowlpark skate and create events. We wish to honour skate culture by creating a platform for collaboration while giving back to the community.

In addition, we hope to push emerging artists into the spotlight by having them exhibit next to more established artists.
